supplémentaire:

Prodrive performance pack fitted from new. Just had new clutch and cambelt and 95k service completed. 12 months MOT and 6 months TAX, Silver Cloth interior, Four wheel-drive, Full up to date Service history mostly from Subaru, Only 2 owners from new, Air conditioning, Period Alpine headunit with CD autochanger, 16" 6 spoke alloys wheels, Electric windows, Central locking, Tilt adjustable steering wheel, Alarm, Thatcham category 1 remote alarm/immobiliser, Electric door mirrors, Upgraded component rear speakers fitted, 2 Cambelt changes. 5 seats, Comes with stacks of history including receipts and bills for work carried out. Visually the car is in fantastic condition, no dents, scratches or car park dings like most have, there are a couple of very small marks on the front bumper but overall the condition is outstanding for a car of this age. Interior is also in excellent condition, no rips or tears, has had very little use, everything works well including the air con, overall looks less than half its age. Drives superbly, pulls well in all gears no unwanted noises. The car is mechanically standard no aftermarket alterations, only the rear lights are non standard items and these could easily be swapped if not your taste. Becoming rare and very collectable now to be quick.
