Further Details: the first being Ford, the second being a private gent,

who has owned her from being just a few months old. She has very sensible mileage, backed up with a great history of 8 stamps and a VOSA check. This is the LX model, so comes with a nice spec, which includes cruise control, air conditioning, reverse park sensors, front electric windows, electric door mirrors, remote central locking, a CD player and an info computer. She has a long MOT until October 8th 2014 and is an advisory free MOT. We also have 2 keys. We have put her in to our workshop for a multi point check and have fitted a new power steering rack, but other than that she was fine. She is now prepped and ready to drive away! Any trial is welcome before purchase and she is guaranteed
