and a half years, was going to keep for a future investment but now need the space so a very reluctant sale, Had the ABS sensors replaced, And clutch pressure pipe, The clutch had been replaced when i purchased the car but obviously didn't change this and had lost its pressure as the pipe deteriorates, common fault with these. I've fitted a new rocker cover gasket as this was leaking and a new set of iridium spark plugs, Car has lots of bills and receipts from the previous owners, Comes with full black leather interior, Still showing two green service lights, sony cd player, only downpoint is the soft top hood is in really good condition itself but the rear window has a slight hole in it, but electrically work perfect.
