Further Details: This is my A4 and the best car I have driven.

Legendary Audi build quality means the ride and handling is great. Superb power from the excellent diesel engine and brakes and gearbox are perfect. Just been serviced and had a new front tyre. Only three small issues, the aircon is not working as it needs a new compressor. Climate control is fine apart from this. Passenger door needs a new latch so central locking leaves this unlocked but as I live in a theft-free zone that has been no problem. A small area of bubbly rust on nearside wing, but easily sorted with a patch or a new panel. Economical mpg of near 50. MOT and tax until end September
